BKF-35005

Bar Keepers Friend
Cookware Cleanser
340g

About This Product | How to use BKF Cleanser & Polish

BKF Cookware Cleanser was specifically created to remove tenacious cooked-on, baked-on residues from both metal and glass cookware. It is the best option for keeping your pots and pans looking like new. BKF Cookware Cleanser contains 50% more surfactants than our classic BKF Cleanser & Polish.

- Sprinkle BKF onto a wet sponge or surface.
- Rub gently.
- Wipe surface dry.
- Add more or less to adjust strength.
- Rinse thoroughly within a minute of application.

BKF-35010

Bar Keepers Friend
Soft Cleanser
737g

About This Product | How to use BKF Soft Cleanser

Bar Keepers Friend Soft Cleanser is the liquid version of our original BKF Cleanser & Polish powder. Use this creamy, ready-to-use formula to quickly coat hard, non-porous surfaces.

It is particularly useful for cleaning vertical surfaces in the bathroom, such as shower stalls, bathtubs, and toilets.

- Shake well before using.
- Rub onto soiled surface.
- Wipe surface dry.
- Squeeze BKF onto wet surface or damp sponge.
- Rinse thoroughly within one minute of application.

Bar Keepers Friend
Coffee Maker
Descaler 355ml

About This Product | How to use BKF Coffee Maker Descaler

Extend the life of your coffee maker – use BKF Coffee Maker Descaler to remove mineral scale that can ruin the heating element.

- Add 30 mil for every 230 mil of COLD water to fill the coffee maker's water reservoir. **Do not overfill.**
- Remove any disposable filters or coffee pods from the coffee maker.
- Place the empty carafe or cup under the coffee discharge.
- Initiate the brew cycle, and repeat until the reservoir is completely empty. For coffee makers with a clean cycle, initiate the clean cycle and allow the cycle to run completely.
- Discard the used Coffee Maker Descaler from the carafe or cup and clean the carafe or cup thoroughly.
- Fill the coffee maker reservoir with clean, cold water, and run another brewing cycle.
- Dispose of used rinse water and clean carafe or cup again.

BKF-11815

Bar Keepers Friend Coffee Maker Cleaner 355ml

About This Product | How to use BKF Coffee Maker Cleaner

Over time, oils and tannins build up in coffee makers, carafes, and mugs. Bar Keepers Friend Coffee Maker Cleaner removes oily residue for fresher-tasting coffee.

- Add 30 mil for every 230 mil of COLD water to fill the coffee maker's water reservoir. **Do not overfill.**
- Remove any disposable filters or coffee pods from the coffee maker.
- Place the empty carafe or cup under the coffee discharge.
- Initiate the brew cycle, and repeat until the reservoir is completely empty. For coffee makers with a clean cycle, initiate the clean cycle and allow the cycle to run completely.
- Leave the cleaning solution in the carafe for 30 minutes.
- Discard the used Coffee Maker Descaler from the carafe or cup and clean the carafe or cup thoroughly.
- Fill the coffee maker reservoir with clean, cold water, and run another brewing cycle.
- Dispose of used rinse water and clean carafe or cup again.

Bar Keepers Friend Toilet Bowl Cleaner 700ml

About This Product | How to use BKF Toilet Bowl Cleaner

BKF Toilet Bowl Cleaner removes odors, hard water stains, rust stains, mineral deposits, and grime, and makes porcelain shine.

- Hold firmly with one hand while pushing down on the child-proof cap and turning counter-clockwise. Avoid squeezing the bottle as you open it.
- Remove excess dirt and grime with a toilet brush or scrubbing sponge.
- Flush the toilet to wet all surfaces.
- Apply approximately six ounces of Bar Keepers Friend Toilet Bowl Cleaner to all sides and surfaces of the toilet bowl, including under the rim.
- Allow product to sit in the toilet bowl for at least five minutes. Do not close toilet bowl lid during the soaking process.
- Brush the bowl thoroughly with a toilet brush and flush.

Bar Keepers Friend Stainless Steel Cleaner & Polish

About This Product | How to use BKF Stainless Steel Cleaner & Polish

Stainless steel care at its finest. Remove oily fingerprints, grime, and food debris without damaging the protective coating on your stainless steel appliances.

- Shake product well.
- **Routine cleaning:** Spray directly onto surface. Wipe along the grain/brush lines, using a soft, clean dry cloth (microfiber works especially well) or paper towel. Flip cloth to dry side and buff to an even shine.
- **Heavier soiled surface:** Spray cleaner onto surface. Let stand about 1 minute. Rub surface lightly with a non-abrasive, nylon-mesh sponge or microfiber towel. Wipe the surface dry with a clean soft cloth, paper towel, or microfiber cloth.

BKF-11389

Bar Keepers Friend Granite & Stone Cleaner & Polish

About This Product | How to use BKF Granite & Stone Cleaner & Polish

Use this product to safely clean and shine granite, marble, and quartz countertops, and other polished stone surfaces.

- Shake product well.
- **Routine cleaning:** Spray directly onto granite or stone surface. Wipe clean using a soft, clean dry cloth or paper towel wiping in a circular motion. Soft, clean microfiber cloths work well, too.
- **Heavier soils/greasy areas:** Spray cleaner onto granite or stone surface. Let stand about 1 minute. Rub surface lightly with a non-abrasive, nylon-mesh sponge or microfiber towel. Wipe the surface dry with a clean, soft cloth, paper towel, or microfiber cloth.

Bar Keepers Friend Cooktop Cleaning Kit

About This Product | How to use BKF Cooktop Cleaning Kit

Our Cooktop Cleaning Kit combines our multipurpose Cooktop Cleaner, a DishFish™ Dual scrubber sponge, and BKF's unique, all-plastic scraper with multiple blades.

- Shake Cooktop Cleaner well.
- Squeeze a small amount of cleaner onto the scrubbing side of the damp DishFish Dual scrubber.
- Spread the cleaner evenly across the surface, then scrub gently.
- Use the plastic scraper to remove stubborn debris.
- Rinse the DishFish sponge and use the softer side to wipe away the cleanser (within one minute of application).
- Wipe the surface dry, using a paper towel or soft cloth to buff to a beautiful shine.
- Repeat steps if necessary.

BKF-11340

Bar Keepers Friend Granite & Stone Microfiber Cloth

About This Product | How to use BKF Granite & Stone Microfiber Cloth

Need a cloth to help combat grime while making countertops shine? When paired with BKF's Granite & Stone Cleaner & Polish spray, our microfiber cloth will get the job done!

- Use with new Bar Keepers Friend Granite & Stone Cleaner & Polish spray.
- Apply BKF Granite & Stone Cleaner to stone surface.
- Rub and wipe dry using the striped side of the cloth.
- Flip cloth to the other side and buff surface to a streak-free shine.
- Rinse well and air-dry after use.

BKF-11397

Bar Keepers Friend Stainless Steel Microfiber Cloth

About This Product | How to use BKF Stainless Steel Microfiber Cloth

The perfect partner for BKF Stainless Steel Cleaner & Polish spray, this microfiber cloth absorbs grime and polishes stainless steel to a streak-free shine. Quickly and easily clean stainless steel appliances, range hoods, and more.

- Use with new Bar Keepers Friend Stainless Steel Cleaner & Polish spray.
- Apply BKF Stainless Steel Cleaner & Polish to surface.
- Rub/wipe in the direction of brush lines (the "grain") using the striped side of the cloth.
- Flip cloth to the other side and buff surface to a streak-free shine.
- Rinse well and air-dry after use.
