

CUITISAN[®]
Innovative Stainless Steel Cookware

PRESENTED BY

OPPENHEIMER
SERIOUS ABOUT BUSINESS SINCE 1870

DESIGNED
IN EUROPE

Cuitisan's Innovative Technology

CromoSteel™

The optimum material for kitchenware
meets CUITISAN technology.

CROMOSTEEL is a compound word from the Italian, cromo and the English word "steel." Used on CUITISAN products, it contains over 18% chrome, which is key to why CUITISAN products rarely rust despite everyday use. It also contains copper, valued in this case for its antibacterial properties (resists 99% of bacteria).

CROMOSTEEL products are made of premium stainless steel and include all the functionality needed in kitchenware, and can be used semi-permanently. CROMOSTEEL is a registered trademark for CUITISAN.

Safe from
contaminants

Semi-permanent
use

ZERO leaching
of colour or odor

Lightweight
and strong

Antibacterial
for safety

Use in freezer
and oven

Microwave Heat Transmission

Innovative cromosteel by Cuitisan is first of its kind on the market. Common microwave ovens penetrate microwaves and directly touch the food, it interacts directly with microwaves to accumulate heat to material and transmit heat to its contents.

- Microwave
- Heat (temperature)

Other microwave oven containers

CUITISAN CROMOSTEEL Products

Interaction Microwave and Moisture

The general principle of microwaves comes directly into food and generates heat as it evaporates moisture with immense vibrations. However Cuitisan keeps moisture by making the food hot with accumulating heat to body unlike common microwaves.

- Microwave
- Amount of water evaporation

Other microwave oven containers

CUITISAN CROMOSTEEL Products

Cuitisan's Features and Benefits

- ✓ Designed in Europe
- ✓ Made from CromoSteel technology
- ✓ 100% Airtight and Leak-Proof
- ✓ Unbreakable and Lightweight
- ✓ Can Withstand Temps -40°C - 400°C
- ✓ Odourless, Chemical-Free and Easy to Clean
- ✓ German Test Certified

Note: Please ensure to remove Cuitisan's silicone lid when in use in both the microwave and oven. Silicone lid can be used when freezing food.
