

luke mangan ■■■■

Luke Mangan is one of Australia's leading chefs and restaurateurs and is highly regarded internationally as a shining example of Australia's culinary culture. He owns and operates several restaurants worldwide, has written four best selling cookbooks, released a range of gourmet products and organic baby foods, and is the consulting chef for Virgin Australia.

His professional-quality knife collection is crafted from German stainless steel with high impact ABS handles designed for strength, comfort and durability. A premium, limited edition Japanese Damascus set is also be available.
